

# Santa Fe Community College's Early Childhood Development Center

**OPEN HOUSE**  
**10 a.m. to noon, Saturday, Dec. 5**

## Please Join Us

This family-friendly event features tours and hands-on activities for children. Presentations include a parent education workshop led by ECDC family consultant Anna Marie Garcia, and Dr. Frederick Kullman, a local family physician, presents a medical information session. Dahlia Cummings, southside library's Books and Babies expert, uses her "amazing" props and singing voice in a special presentation. Children also can participate in a cooking class.
